ACKNOWLEDGMENT

The writer is particularly indebted to the members of the faculty of the Graduate School of the University of San Carlos who have read the manuscript and have offered many valuable suggestions for improvements: Rev. Dr. Rudolf Rahmann, S.V.D., Dean of the Graduate School, Dr. Marcelino Maceda, Dr. Gertrudes Ang, Miss Amparo Buenaventura, and Mr. Jose Kuizon.

A word of thanks is due to the Tabogon parish priest, to some Tabogon public school teachers, and to informants who furnished the researcher with facts; to all relatives and friends who gave her free board and lodging; and to relatives and friends who helped her in one way or another.

Special thanks are due also to Mrs. Maria Gutierrez, Head of the English Department of the University; to members of the Biology Department especially to Miss Remedios Cabalan, Mrs. Araceli Almase, Miss Carolina Redulla, and Mr. Exuperancio Montecillo.

A debt of gratitude is due to her husband and her children, without whose help this work would not have been finished sooner; and also to the library staff of the University of San Carlos for their unstinted assistance.
